

To Whom It May Concern,

As the Outreach Director for Joe Gibbs Game Plan For Life, I am writing this letter on behalf of Marques Ogden. Marques was one of our speakers for our Game Plan For Life High School Assemblies and he did an excellent job communicating his story to the high school youth. He was relevant, engaging and inspiring with the youth which gave them impactful life skill tools that they could apply in their daily lives to help them achieve their goals and dreams.

Marques Ogden possesses a unique gift to be able to speak to any audience demographic since he has experienced success in many different professions of his life as a student, pro football player and business owner. We definitely look forward to having Marques participate as one of our Game Plan For Life speakers in the near future.

Sincerely,

Renaldo Wynn

Outreach Director

Game Plan For Life
