

December 20, 2015

Please allow me to introduce myself. I am Nicole Neal, Director of Events for the Las Vegas Metro Chamber of Commerce and I am happy to provide this letter of recommendation for Mr. Marques Ogden. The Las Vegas Metro Chamber of Commerce, founded over 100 years ago, boasts over 3000 members ranging from major casino operators, to large utility companies to start ups and sole proprietorships. We are proud to be one of the largest Chambers of Commerce in the United States and, simply stated, have a (very) broad audience.

We recently secured Mr. Ogden to serve as a guest speaker at a CEO Luncheon. The program was a small format, invitation only, program for Presidents Club Members. Prior to the event, Marques was proactive with outreach and follow-up and focused on exceeding our expectations. Marques took care to cater the program (length and content) to appeal to the small, yet diverse audience in the room. His storytelling and candor brought great energy to our event and was shared with a voice that carried both pride and humility. His presentation sparked follow-up questions from our guests and inspired continued conversation. Following his presentation, Marques presented each guest with a signed and dedicated copy of his book, Sleepless Nights.

Marques was a delight to work with and allowed us to provide a unique and engaging experience to our members and we would welcome the opportunity to work with him again.

Respectfully,

A handwritten signature in cursive script that reads "Nicole Neal".
